

# ✦ Growing Onions ✦

---

01

**Sow Seeds:** Mid to Late January  
**Where:** In seed tray or seed cell tray with a Lid. Indoors on a windowsill.

02

**Seeds Germinate:** 5 - 10 days  
Remove Lid and turn tray every few days to prevent leaning seedlings

03

**Plant Outside:** 50 - 70 Days (8-10 Wks) from sow date. **Plant Date:** 15-30 March. 1 Week before, put tray outside.

04

**Harvest:** 90-100 days (13-14 Wks) from sow date.  
**When:** May-June when leaves lay flat on ground. Dry before storing.
